EXPERIENCE SUMMARY

- 7+ years in automotive ECU (powertrain, safety, infotainment) development lead in customer projects, including estimation, requirements analysis, system design, process tailoring and quality monitoring.
- participation in AUTOSAR consortium and in-house expert
- FAE and office startup experience in UK and Germany
- international software and support coordinator - Eastern Europe, Asia, USA

KEY CAPABILITIES

- skilled at interfacing with the customer and resolving their issues with a quick turnaround time
- pragmatic and creative, multi task capability within international cross functional teams
- tri-lingual in English, French, and German, basic knowledge of asian and eastern european languages

PROFESSIONAL TRACK RECORD

2004-2010 Johnson Controls Automotive Electronics GmbH, Software Coordinator

Tier-1 for Driver Information Systems, based in Karlsruhe, Germany

- 2007-2009 work actively in AUTOSAR consortium
- 2004-2006 manage offshore teams in projects for german OEMs
- introduce tools and methods to achieve next SPICE level in software
- manage automated exchange of XML/MSR documents with OEM

2002 – 2004 Robert Bosch GmbH, Software Tools coordinator Stuttgart

- coordinated international development environment for 32-bit powertrain controller
- introduction of Eclipse-based IDE for software production

1996 - 2001 Embedded Support Tools Corp. / Wind River Systems Inc.

04/01 - 09/01 **European Development Tools Support Manager** Wind River Germany

04/00 - 03/01 **Product Marketing Manager** Wind River Systems, Boston

- launch of visionTRACE product line with seminars and media coverage
- coordinated product design, manufacturing and documentation

09/98 - 03/00 **European Technical Support Manager** EST Corporation, Boston

- managed software projects ColdFire simulator and register editor for ARM, MIPS
- FAE at office-launch of EST Germany in 1999

11/96 - 09/98 **European Field Application Engineer** EST Europe SARL, Paris

- specialist for Motorola 68k and embedded PowerPC products
- FAE at office-launch of EST UK in 1997

1995 - 1996 Freelance Media Production activity BK media systems France

1994 - 1995 Texas Instruments European Product Specialist DSP Nice, France

- represented products and technology in western and central Europe

1990 - 1993 Bull Ingénierie Paris, France

Development engineer HW/SW embedded systems for banking industry

- designed hardware of 32-bit multiprocessor Ethernet encryption system
- programming of network systems and driver software

EDUCATION

1984-1990 M.S. in Electrical Engineering / Computer Science

Ruhr University Bochum, Germany

- specialized in digital signal processing and embedded computing

Student work experience

1989 high-speed system engineering with Alcatel SEL, Stuttgart, Germany

1988 animated simulator for Motorola's 68k 32-bit processors

1988 student teacher and at Ruhr University Bochum, Germany

1986 season manager for JahTours International in Menton, France

1979-1982 Abitur at Technical Highschool Celle, Germany

- focus on mathematics and electronics
